# Broadcom Inc.

AVGO

Broadcom is a global technology leader whose products power secure payments, fast internet, mobile communication, and the data centers that keep businesses and communities connected. From banking systems to hospital networks, Broadcom's hardware and software serve as a backbone for modern digital life.

# 47

INSPIRE IMPACT SCORE

# Broadcom Inc. Standouts

---

## CUSTOMERS

Broadcom provides the hardware and software that keep digital systems running securely and efficiently.

- Banks, credit unions, and payment networks rely on Broadcom systems to process secure transactions, protect customer data, and prevent fraud.<sup>1</sup>
- Hospitals and emergency services use Broadcom networking technologies to support reliable communication, patient record access, and diagnostic systems.<sup>1</sup>

## COMMUNITIES

Broadcom invests in education, digital access, and community development.

- The Broadcom Foundation funds STEM programs for students around the world, including robotics, science fairs, and engineering competitions.<sup>2</sup>
- The company supports digital literacy programs that help underserved communities gain access to technology and job opportunities.<sup>2</sup>

## WORKFORCE

Broadcom employs tens of thousands of engineers, software developers, and operations professionals across the globe.

- Offers strong compensation, training, and professional development programs for employees in chip design, cybersecurity, and enterprise software.<sup>1</sup>
- Provides employee resource groups and development programs to support career growth in engineering and technical fields.<sup>2</sup>

## THE WORLD

Broadcom's technologies enable secure communication, efficient data processing, and lower-energy digital systems worldwide.

- Broadcom's cybersecurity platforms protect critical infrastructure including financial institutions, hospitals, and public agencies, from attacks and data breaches.<sup>1</sup>
- Earned 19 out of 26 BEST-in-Class SASB ratings.<sup>3</sup>

# Palantir Technologies

Palantir builds advanced data platforms that support emergency response, public safety, national security, and operational excellence for hospitals, nonprofits, and major industries. Their technology helps organizations act faster, coordinate better, and protect people in high-stakes situations.

# 38

INSPIRE IMPACT SCORE

# Palantir Technologies Standouts

---

## CUSTOMERS

Palantir builds software that helps organizations make sense of large, complicated data.

- Hospitals use Palantir to track beds, staffing, and patient flow to make shorter wait times and faster care.<sup>1</sup>
- Manufacturers and logistics companies use Palantir to reduce waste, find delays, and keep supply chains running smoothly.<sup>2</sup>

## COMMUNITIES

Palantir's technology is used to support public safety and emergency response.

- Law enforcement agencies use Palantir tools to identify human-trafficking patterns and coordinate rescues.<sup>1</sup>
- Emergency teams rely on Palantir during wildfires, hurricanes, and earthquakes to track resources and respond faster.<sup>1</sup>

## WORKFORCE

Palantir invests in a highly skilled workforce focused on solving difficult problems.

- Engineers and analysts work directly with hospitals, nonprofits, and government agencies to help them use data responsibly and effectively.<sup>2</sup>
- The company has detailed internal standards around privacy, data protection, and responsible AI, shaping how employees build and maintain its software.<sup>3</sup>

## THE WORLD

Palantir's work has broad, real-world impact.

- Its technology helps governments prevent crime, respond to emergencies, and protect citizens without losing track of privacy rules.<sup>3,5</sup>
- Earned 19 out of 26 BEST-in-Class SASB ratings.<sup>4</sup>

INSPIRE IMPACT SCORE

# Welltower Inc. Standouts

---

## CUSTOMERS

Welltower serves older adults, care providers, and healthcare systems with high-quality real estate and service-oriented environments.

- Partners with leading senior-housing operators to deliver comfortable, safe housing for older adults requiring care and support.<sup>1</sup>
- Develops outpatient medical centers and post-acute rehabilitation facilities that help patients transition from hospital to home more smoothly.<sup>1</sup>

## COMMUNITIES

Welltower's work supports caregivers, families, and local economies by strengthening healthcare infrastructure.

- Through green-bond funding and certified sustainable building initiatives, Welltower has allocated over \$1.04 billion to eligible green building projects in recent years.<sup>3</sup>
- The company was recognized as #1 for Corporate Governance among U.S. REITs and achieved "Top-3" Transparency Award status for real-estate companies.<sup>2</sup>

## WORKFORCE

Welltower invests in the people who serve residents and patients, ensuring environments where caregivers and support staff can deliver high-quality services.

- Emphasizes wellness, and employee support, including expanded parental leave, and board-level oversight of human-capital strategy.<sup>2</sup>
- Maintains strong safety protocols in operations and construction, as part of its environment & social stewardship focus.<sup>1</sup>

## THE WORLD

Welltower drives transformation in healthcare real-estate and sustainability across its global platform.

- Achieved more than 300 green-building certifications, including ENERGY STAR® and LEED across its portfolio, helping reduce energy and emissions.<sup>2</sup>
- Earned 14 out of 26 BEST-in-Class SASB ratings<sup>4</sup>

# GE Vernova

**GEV**

GE Vernova is a global energy leader providing the technology that powers homes, hospitals, businesses, and critical infrastructure. Their work strengthens electric grids, expands access to reliable power, and advances cleaner energy systems around the world.

# 58

**INSPIRE IMPACT SCORE**

# GE Vernova Standouts

---

## CUSTOMERS

GE Vernova provides the equipment and technology that help keep electricity flowing to homes, hospitals, schools, and businesses around the world.

- Its turbines and grid systems help produce more than 25% of the world's electricity, keeping essential services powered.<sup>1</sup>
- Energy developers rely on GE Vernova equipment to build new power plants including wind, gas, hydro, and nuclear that serve millions of households.<sup>2</sup>

## COMMUNITIES

GE Vernova plays a major role in strengthening local communities by improving access to reliable energy.

- Delivered 71 gigawatts of transformers to help reinforce vulnerable or aging power grids, which is the equivalent of powering tens of millions of homes.<sup>2</sup>
- GE Vernova employees contribute thousands of volunteer hours each year through community programs and local partnerships.<sup>1</sup>

## WORKFORCE

GE Vernova's workforce includes engineers, technicians, and specialists who support critical infrastructure across 140+ countries.

- Emphasizes a strong safety culture, with detailed reporting on incidents, training hours, and safety programs.<sup>2</sup>
- Employees work directly with utilities and governments to troubleshoot outages, improve energy reliability, and restore power after major weather events.<sup>2</sup>

## THE WORLD

GE Vernova's technology is helping drive the global shift toward cleaner, more efficient energy.

- As one of the world's largest energy-equipment producers, GE Vernova's innovations help countries improve energy access, reduce emissions, and modernize their grids.<sup>2</sup>
- Earned 22 out of 26 BEST-in-Class SASB ratings.<sup>3</sup>

# Linde PLC

LIN

Linde is one of the world's leading industrial gas and engineering companies, providing the technologies that support clean energy, advanced manufacturing, healthcare, and essential industries around the globe. Its products play a critical role in enabling safer, cleaner, and more efficient operations in over 80 countries.

# 62

INSPIRE IMPACT SCORE

# Linde PLC Standouts

---

## CUSTOMERS

Linde supplies the gases and technologies that many essential industries rely on every day.

- Hospitals depend on Linde for medical oxygen and respiratory gases used in surgeries, emergency rooms, and intensive-care units.<sup>1</sup>
- Manufacturers and semiconductor companies use Linde's specialty gases to produce electronics, clean fuels, and precision-engineered products.<sup>1</sup>

## COMMUNITIES

Linde invests in programs that support people and strengthen local communities.

- In 2024, Linde supported more than 800 community projects focused on safety, education, and local development.<sup>2</sup>
- Linde employees volunteer through local chapters around the world, giving time to science education, environmental clean-ups, and neighborhood support programs.<sup>2</sup>

## WORKFORCE

Linde employs tens of thousands of people across more than 80 countries and emphasizes safety, training, and career development.

- Linde invests in technical apprenticeships and skill-building programs to help employees grow in engineering, operations, and science-based careers.<sup>1</sup>
- Employee programs focus on professional development, and ongoing learning to support a global, highly skilled workforce.<sup>1</sup>

## THE WORLD

Linde's technologies help industries operate cleaner and more efficiently on a global scale.

- In 2024, Linde helped customers avoid over 96 million metric tons of CO<sub>2</sub>-equivalent emissions by enabling cleaner industrial processes.<sup>2</sup>
- Earned 19 out of 26 BEST-in-Class SASB ratings, showing strong alignment with responsible operations and environmental standards.<sup>3</sup>

# BWX Technologies

**BWXT**

BWX Technologies is a global leader in nuclear technology for national security, clean energy, and medical applications. Its reactors, components, and nuclear medicine capabilities support defense readiness, environmental stewardship, and life-saving diagnostic tools used around the world.

**49**

**INSPIRE IMPACT SCORE**

# BWX Technologies Standouts

---

## CUSTOMERS

BWX Technologies provides nuclear components and services that are essential to national security, energy reliability, and modern medicine.

- The company designs and manufactures the nuclear reactors used in U.S. Navy submarines and aircraft carriers, helping keep service members safe at sea.<sup>1</sup>
- Hospitals and medical providers rely on BWXT-produced isotopes used in cancer imaging and diagnostic tests.<sup>2</sup>

## COMMUNITIES

BWXT supports communities through jobs, education, and public safety partnerships.

- Many BWXT facilities are located in smaller cities where the company provides stable, high-quality technical jobs that support local economies.<sup>1</sup>
- Employees volunteer in STEM programs, youth education, and community service projects in partnership with schools and nonprofits.<sup>3</sup>

## WORKFORCE

BWXT's workforce includes engineers, technicians, and skilled tradespeople who operate in highly regulated environments.

- The company provides extensive technical, radiation-safety, and compliance training for employees working with nuclear materials.<sup>1</sup>
- Offers competitive compensation, long-term career paths, and apprenticeships for young workers entering engineering and machining fields.<sup>3</sup>

## THE WORLD

BWXT's work contributes to a safer world, cleaner energy future, and life-saving medicine.

- Plays a key role in environmental cleanup at historical nuclear sites across the U.S., helping restore land and reduce long-term risks.<sup>1</sup>
- Earned 17 out of 26 BEST-in-Class SASB ratings.<sup>4</sup>

# United Therapeutics

UTHR

United Therapeutics is a biotechnology company focused on treating life-threatening diseases and solving one of medicine's greatest challenges: the shortage of transplantable organs. As a Public Benefit Corporation (PBC), UTHR is legally committed to advancing patient well-being and driving meaningful medical innovation.

# 45

INSPIRE IMPACT SCORE

# United Therapeutics Standouts

---

## CUSTOMERS

United Therapeutics develops treatments for people facing serious and life-threatening diseases.

- The company provides therapies for pulmonary arterial hypertension (PAH), a rare condition that can become fatal without treatment.<sup>1</sup>
- United Therapeutics supported more than 14,500 patients in a single year through its medicines and care programs.<sup>1</sup>

## COMMUNITIES

As a Public Benefit Corporation (PBC), United Therapeutics is legally committed to serving the public good.

- The company reinvests in programs that expand access to rare-disease therapies and patient support services.<sup>2</sup>
- Its leadership in organ-manufacturing research aims to one day reduce or eliminate the transplant waitlist.<sup>2</sup>

## WORKFORCE

United Therapeutics emphasizes innovation, ethics, and scientific excellence across its workforce.

- Employees work in specialized fields including regenerative medicine, engineered organs, and rare-disease drug development that are backed by strong training and scientific standards.<sup>2</sup>
- Employee programs encourage collaboration, research integrity, and long-term career growth in biotech and medical science.<sup>2</sup>

## THE WORLD

United Therapeutics is advancing medical breakthroughs with global impact.

- Its therapies for severe lung and heart diseases help patients across many countries live longer, healthier lives.<sup>1</sup>
- Earned 15 out of 26 BEST-in-Class SASB.<sup>3</sup>

# MSA Safety

MSA Safety is a global leader in developing and manufacturing products that protect workers and first responders in hazardous environments. Their gear, sensors, and protective systems help ensure people return home safely.

# 48

INSPIRE IMPACT SCORE

# MSA Safety Standouts

---

## CUSTOMERS

MSA Safety builds equipment that protects workers and first responders in dangerous environments.

- Firefighters depend on MSA's helmets, breathing equipment, and thermal imaging cameras to stay safe during emergencies.<sup>1</sup>
- Industrial workers rely on MSA's gas detectors and safety sensors to alert them to hazardous conditions before accidents occur.<sup>1</sup>

## COMMUNITIES

MSA supports safety education and partners with first responders and local organizations.

- Works with fire departments and emergency-response teams to provide training, equipment support, and safety demonstrations.<sup>2</sup>
- Supports charitable organizations that help frontline workers and their families.<sup>2</sup>

## WORKFORCE

MSA invests in its employees through training, safety, and technical development.

- Employees receive continuous training on product testing, safety standards, and engineering best practices.<sup>1</sup>
- Offers professional development programs in engineering, manufacturing, supply chain, and product design.<sup>1</sup>

## THE WORLD

MSA's products help prevent injuries and save lives around the globe.

- Employees receive continuous training on product testing, safety standards, and engineering best practices.<sup>1</sup>
- Offers professional development programs in engineering, manufacturing, supply chain, and product design.<sup>1</sup>
