

Inspire ETF Model Updates

EFFECTIVE DATE:

October 1, 2024

UPDATED MODELS

Global Equity
Global Aggressive
Global Moderate
Global Conservative
Global Very Conservative
Core/Satellite Opportunities
Core/Satellite Opportunities 70/30
Tactical Risk Management
Tactical Risk Management 70/30

CHANGE SUMMARY

Each quarter, our ETF Models are rebalanced according to their target allocations. As shown on the next page, the ETF portion of the models have been rebalanced without making allocation changes.

However, updates have been made to the individual stock holdings in the Satellite portion of our Core/Satellite Opportunities and Core/Satellite Opportunities 70/30 models. For detailed information on these position updates, please refer to Appendix A: Satellite Sector Holding Updates.

For Professional Use Only.

Summary of Model Changes

- Rebalanced with changes made to allocation
- Rebalanced only - no allocation changes

Source: Inspire Investing. The allocations in the charts above reflect portfolio weights for equity, fixed income, and cash asset classes across the spectrum of risk-based model portfolios and active portfolios. Allocations are as of the date indicated, are subject to change, and should not be relied upon as current thereafter. Equity asset classes include, but are not limited to, domestic equity and international equity. Fixed income asset classes include investment grade corporate bonds.

Important Disclosure: The model portfolios primarily utilize ETFs that make payments to Inspire Investing, LLC or its affiliates (collectively "Inspire") for advisory or other services, which presents a conflict of interest for Inspire.
