## THE INSPIRE GLOBAL AGGRESSIVE STRATEGY

is built as a long-term, strategic allocation model designed to provide broad exposure across a fully diversified global equity universe while maintaining 20% exposure to diversified corporate bonds. This includes U.S. large-, mid-, and small-cap equities, international developed and emerging markets, and large-cap US investment-grade corporate bonds. Target allocations are established based on long-term macroeconomic market assumptions developed by Inspire's Investment Committee. The portfolio is systematically rebalanced at the start of each calendar quarter to maintain alignment with these strategic targets.
